

## **WINTER WEATHER POLICY**

In the event that inclement weather causes school to be delayed or cancelled, families will be notified via JMC Messaging.

Please make sure your JMC contact information (including phone numbers and email addresses) are updated so you receive timely notifications.

Radio stations (103.3 FM, 91.3 FM, 1360 AM) and TV stations (NBC, ABC, CBS and KPTH) will be alerted to any change in the SCS class schedule.

“Snow days” are built into the SCS yearly calendar and will be used if school is closed due to weather or an unexpected emergency.

Siouxland Christian School uses the following protocol when determining if school will be delayed or cancelled:

1. If Sioux City Community School District is cancelled or delayed, Siouxland Christian School will cancel or delay.
2. If three of the five school districts indicated on the following list delay or cancel, Siouxland Christian School will cancel or delay.

The districts are:

Dakota Valley School District  
Ponca School District  
Sergeant Bluff School District  
Lawton-Bronson School District  
Hinton School District

If a local school district closes where a student resides, or school districts between that student's resident district and SCS closes, parents may choose to keep their children home for safety concerns. This is considered a weather-related excused absence.

Please communicate this with the office at 712-276-4732. Inclement Weather Policy
